

### **Mason Conservation Commission Minutes**

Special Meeting to consider fuel tank removal: April 17, 2008 7:00 pm to 8:06 pm

Attendees: Bob Larochelle, Liz Fletcher, Bob Dillberger, Anna Faiello.

Voted unanimously to rescind our decision to hire Ed Gaudet (\$3600) because he is not a DES certified tank remover. We received 3 other bids for the job.

Marlborough Construction:\$7615

M.B. (Mario Bolduc) Maintenance (New Boston): \$3000

Eric Anderson:\$2200

Discussed Eric's bid. He did not give the name of the DES certified contractor he would use. He is mostly interested in reusing the tank. Liz did not like the idea of having the tank reused as a fuel tank because it could continue to be a liability to the town if it leaks in another location. Since the email inviting him to our meeting did not go out until this morning he probably did not see it yet so Bob L called his house and left a message that we could not use him as a contractor if we could not talk to him to get the name of his contractor. Tried to reach Eric a second time. Left a message that we would be in session about 15 more minutes. No response.

We voted unanimously to hire MB for \$3000. Liz will call Mario and schedule for next Thursday the 24<sup>th</sup> if possible. The Commission needs to send him a \$1,000 check as soon as possible as the one-third deposit to secure his services.
