**Master Plan**

Master plan development has begun!

- o Basic studies are being compiled.
- o Need a water resource subcommittee.
- o An orientation meeting with the Board of Selectmen is scheduled for September 12; hopefully the department heads will attend. However, this meeting may need to be rescheduled because that day is the state primary election, and the selectmen are required to oversee the ballot counting.

**Common Driveways**

Letter from Silas regarding common driveways: The board should discuss this as a possible topic for amending the subdivision regulations. There is a new state regulation; if a town has an Access Management Ordinance, the town is allowed to comment on applications for state highway permits in the town.

**Adjourn:** Chris makes motion to adjourn at 10:00 pm. Seconded. Approved.
