Voted unanimously to pay Bently Management Group (Amos White) for the emergency access road repair & gate installation \$6865 from the Conservation General Fund.

Met with Bill Downs to discuss our options for logging B-17-1. Bill will investigate and get back to us.

Met with MANE members to discuss gate on RR trail. Trish Cross, Tony Lombardo spoke. Trish suggested putting in a culvert parallel to the RR in the drainage ditch on the east side (uphill) for a safer horse crossing. Deb and Dave Morrison will investigate.

Discussed work being done on the powerline east of Starch Mill Road lots B-18 (Doonan Easement) & B-17-1 (Cons. Comm. Land) which have been impacted by road construction for pole replacement operations. We decided to send a letter to Eversource asking them to restore the disturbance to original conditions and replace all damaged walls as soon as possible.

Discussed Kevin Maxwell's request for remuneration for spraypaint damage at the Quarry Conservation area. Barbara will get an estimate from Dan Kuusisto to do the cleanup. We will insist that the perpetrator prepay.

Bob L will call Nick Ferro to follow up on conservation easement flagging on A-22.
