Minutes from May 21 meeting were approved

BD will contact Kane Conservation and invite to either Monday's MPC meeting or Thursday's PAC meeting. The idea is to have one firm represented at each meeting.

DG will contact Moosewood Ecological LLC and invite to the next PAC meeting on Thursday, June 11.

In response to a request from the board of selectmen, the PAC would put together a short list of attorneys for consideration by the BOS for Mason specific pipeline opposition issues. In support of this objective, the following action items were identified:

JM will contact Charlie Moser to see if Richard Kanoff had a recommendation

BD will contact Carolyn Sellars, the NHACC as well as solicit references from the next regular meeting of the Conservation Committee

JM will investigate other references from a multiple of contacts

DG will assemble a high level complete list of issues that potentially should be looked at whichever environmental consultant the town hires
