Old Business

New Business

Discussed the remaining hours available from NRPC and how they could be utilized.

Capital Improvement Plan – Louise has a set of spreadsheets for town departments. For example, for the highway department, the spreadsheet lists equipment and has columns for the equipment's condition, usage, maintenance performed, etc. Another spreadsheet lists the town roads, paved/gravel, condition, planned maintenance. These could be used for the CIP.

Master Plan Update – The Conservation Committee has a new set of Natural Resource Inventory maps that could be added to the MP.

Notes
