- Barbara Devore and Liz Fletcher representing the Conservation Commission had information on a gift to be made by an individual through the NH Charitable Foundation to the Town for purposes of repair and renovation of the Rail Trail. The CC had GPS'd all areas of concern on the 7 mile trail, plus had 2 additional large projects in mind, all of which were presented to the donor, who agreed to fund them all. Work will begin this summer on the north end of the trail, as far as Depot Rd. The section between Depot and Morse Rd will be treated for knotweed in the fall. Remaining work will be completed in 2018 if the knotweed is successfully removed – if not, a second treatment will be needed. A kiosk is planned for a gateway area, such as on Depot Rd.
At the next BOS meeting, CC will have the full, written conditions of the gift, which BOS can accept on behalf of the Town under RSA 31:19, to be put into Trust for this project to be administered by CC.
